

# Program Overview

- An age appropriate curriculum specialized for each classroom specifically designed to encourage discovery. Learning centers are set up in each room to provide opportunities for hand's-on reinforcement of concepts and skills
- Activities are based around weekly themes and Bible stories. Learning centers provide opportunities for hand's-on reinforcement of concepts and skills.
- Art and music focus on the process of creating rather than the final product.
- Learning objectives give focus in science, math, music, large and fine motor, as well as language and literacy.
- Children are taught to love, care and respect each other.
- Weekly Chapel's focuses on Bible story's and social and emotional skills . This also provides a time of togetherness and fellowship with other classes and ages.

# Our Philosophy

We provide a nurturing, learn-through-play, child-centered environment. We offer an enriching, challenging curriculum that will help develop a child's social, emotional, physical, cognitive and spiritual growth. This environment appeals to a child's sense of wonder and curiosity as they discover new things about their physical and spiritual world.
