The Rector Search Committee continues to move forward in the process of hiring a new full-time rector. The position is currently posted on The Episcopal News Service website and has also been distributed to the transition ministers in all 109 Episcopal dioceses. We will be accepting applications until November 15th.

We are currently finalizing our interview process and we have established a comprehensive list of interview questions that address the needs articulated in the parish profile survey results.

The committee asks for your continued support and prayers as we proceed through the important work ahead.
