

ABOUT YOUR USHERS

I hope this finds you and your families happy and healthy.

In August, I asked our current ushers who might be willing or interested in being an usher when the church reopens even though there are many, many unknowns which could influence our decision. More than half responded YES, they wanted to continue being ushers when our church reopens.

If you are interested in being an usher when we return to in person services, please let me know.

Regards, Jane Massey
